

HISTOGRAM

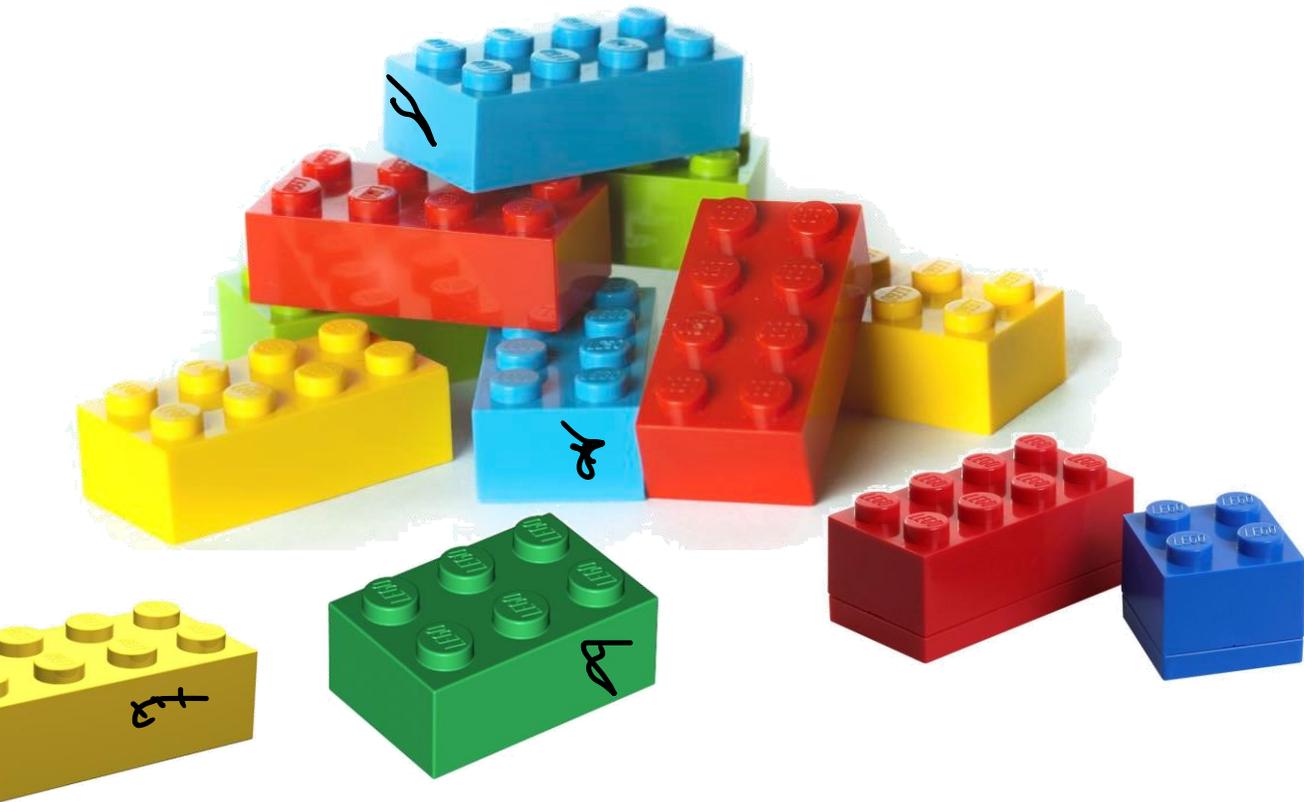

Defective Bricks

The Brick Factory defectives and frequency:

From the set of Lego© bricks, measure the length of each defect (in millimeters).

1. Use the template and decide on the range of mm to group the defects frequency.
2. Prepare a Tally
3. Analyze the Histogram:
 - a) Is it symmetrical?
 - b) Is it skewed?
 - c) Any outliers?
 - d) What is the Mode, median and mean?
 - e) How is the spread?

Length		Frequency
1-2	IIII	4
2-3	II	2
4-5	I	1
6-7	III	3
